I believe that FEMA is telling the state that they will. Said if we are not done by end of the month, the state should request funds for 30 days.

Would still need to see if FEMA would fund it more than 5 days at a time...

Working with Kelly on a possible 30 day MA. He is going to call his deputy executive director. I'll let you know what they come up with

Since the last amendment was funded and dated 09/09, then if FEMA sticks with their five day issue, the next one would not be funded until 09/14, which is 3 days from now...

I will keep checking WebEOC and can start hounding them in another day or two...
